## COLLEGE OF AVIATION STUDIES

### P.G. DIPLOMA IN AIRPORT & AIRLINE MANAGEMENT

**Duration: 6 months (Six months)**

The classes will be held at College of Aviation Studies, Mukka Campus, Surathkal,  
Mangalore, 574146.

#### Eligibility:

- 10+2- or 3-years Diploma or its equivalent
- Any degree

#### About Diploma in Airport & Airline Management:

In a rapidly changing environment, airports have to adapt to economic downturns, technological changes, market changes, airline commercial deregulation, and the worldwide trend to convert airports from government organizations to more business-like entities. These pressures have or have had or are having significant effects on the way airports do business, not only from a financial perspective but also from an operational standpoint.

In these challenging times, and with emerging competition from other airports and other modes of transportation, it is of the utmost importance that airports recruit and provide employees and managers with the best available knowledge and skills. This course was prepared to provide you with a solid overview of the airport operations field and with tools to apply your knowledge and skills to your airport. It is designed to be useful not only for your own benefit but also to help you make better decisions for your organization.

#### Course Objective:

- To educate students with broad knowledge in airline and airport operations
- To build strong knowledge on airline business
- Gain knowledge about multiple operational and business functions of airport

#### Course Outline:

- Soft skill training
- Communication and Personality Development
- History of aviation
- Airport and Airline fundamentals and their departments
- Aviation security procedures
- DGR and Cargo
- Passenger handling
- Baggage handling
- Crisis management

- Load and Trim (A320, B737, ATR,Q400)
- The future of airports
- Airport operations AOCC
- Airport internship
- Interview preparation

#### **Course Outcome:**

- Students will gain fundamentals and in detail knowledge on airport and airline operations
- Students will gain theoretical and practical knowledge on day – to- day functions of airports and airline
- Students will gain knowledge to resolve any challenges that may arise in the ops.
