About Us:

Srinivas Institute of Management Studies, established in 1999 under the aegis of A. Shama Rao Foundation, is a premier education institution imparting innovative and quality education to youth in areas of Business Management, Commerce, Social work and Computer Applications, affiliated to Mangalore University and approved by AICTE, New Delhi. The Institute is accredited with 'A Grade' by National Assessment and Accreditation Council (NAAC). Keeping pace with the emerging challenges. the College is imparting students and faculty with skills knowledge and necessary for success in a dynamic educational scenario and employment market. The campus is located at Pandeshwar, the heart of downtown Mangalore, the business and financial centre of Western Karnataka.

About the Conference:

India has made enormous progress in attaining in high level of literacy, yet the quality of education still remains poor barring premier institutes and very few high profile institutions. One reason for this is the outdated curriculam, poor learning environment and lack of innovations in teaching, learning and evaluation. With this in view, this conference is organized to bring together academicaians from various disciplines to discuss, deliberate, share and suggest improved ways of teaching , learning and accessment models so as to transform institutions into centers of excellence. This conference is aimed towards exploring the following

- What are the various institution-specific, teacher-specific and student-specific teaching, learning and evalutation practices.

- Does the teaching, learning, evaluation practices followed in institutions suficiently meet the intended learning outcomes, if not what is the scope and extent for improvements.

- Is there more reliable, efficient and transparent assessments which could be put into place that capture true and essential student potentials.

- Is the prescibed methodologies for teaching-learning condusive to employability and student development.

- What possible innovations can be brought in teaching, learning and evalutation for improvement of the system.

Papers presented in this conference and discussions that follow will definitely add a new dimension to our perception of teaching, learning and evaluation practices.

Target Audience:

This conference is mainly intended for faculty members and research scholars in All areas of Science and social science including Engineering and Technology, Management, Computer Science, Education, Social Work, Sociology, Economics, Commerce and such other fields. The educationalists, consultants, policy makers and other professionals are also invited for their participation and presentation of their views on the Theme.
