“We have a genuine desire to draw out the best in each of the children in our care”

All our programs reflect our philosophy that students should be seen as gifted in different directions. Our eagerness to embrace the many ways that students learn and the (often hidden) talents they possess is reflected in our celebration of human diversity. We have a genuine desire to draw out the best in each of the children in our care.

Mrs. Florine Clara Fernandes
Principal

Nursing is a noble profession in the health care setting which has a focus on providing care to the individuals, families, and communities in order to attain and maintain optimal level of health. Nurses need to use clinical judgement while providing care to the individuals and communities to prevent illness, protect and restore their health and to cope with health problems

TESTIMONIALS

“Keep progressing at your approach to imparting value based education to Nursing students so that they will face the challenge of the world.All the Best.”

Dr.Vasantha Kumar S.,
Registrar Rajiv Gandhi Univ
Bangalore

Srinivas Institute of Nursing Sciences has been a rewarding and beneficial experience. The instructors are friendly and knowledgeable. The small class sizes provided an ideal learning environment. The Nursing Department went out of their way and beyond what's normally expected to ensure that my education as an RN would benefit me for years to come.
