## About Marine Engineering Department

The Department of Marine Engineering offers undergraduate B.E. program with an intake of 60. The course was started in the year 2012. The department has state-of-the art laboratory facilities, well supported by qualified and dedicated faculty. The department regularly conducts technical talks, special seminars, internship, industrial visits and hands-on workshops to bridge the gap between academia and industrial needs. Our tailored curriculum focuses on specialized knowledge of theoretical and practical marine and mechanical engineering, with an emphasis on skills and competencies required to work on shore and off-shore.

## Vision

To be a centre of excellence in Marine Engineering with quality education, responsive to the needs of industry and society.

## Mission

- To achieve academic excellence through innovative teaching - learning practice.
- To inculcate the spirit of innovation, creativity and research.
- To enhance employability through skill development and industry-institute interaction.
- To develop professionals with ethical values and social responsibilities.

## Job Roles of Marine Graduates

On successful completion of four year B.E marine programme students have wide range of career opportunities. Those willing to sail in merchant vessels need to undergo one year Graduate Marine Engineering (GME) course in any DG approved institute. Marine engineers get to join Engine Department with private and government shipping companies on Container Ships, Cruise, Tanker Ships, Ferries, Off-shore vessels and Bulkiers. Diverse segments in the industry are Shipyards, Engine Manufacturing and Ship Building Companies, Research Cells and Maritime Universities that offer jobs to Marine Engineers.

Our students are placed as sponsored candidates in companies like: Anglo-Eastern Ship Management Services, Scorpio Ship Management, Wilhelmsen Ship Management and Great Eastern Shipping. Considering the present global scenario, Marine engineering is the perfect choice for an aspiring engineer.

## Facilities

- Classrooms with advanced teaching aids.
- Professional teaching staff.
- Well Equipped laboratories.
- Broadband with Wi-fi connectivity.
- Separate hostels for boys and girls with excellent catering facility.
- Medical inspection facility.
- ATM facility in campus.
- Library with vast collection of books and magazines.

## Department Activities

The department organizes industrial visits for all the students of department to various mechanical industries and shipyards. The department association **AIMES** conducts various programmes such as,

- Environmental conservation activities.
- Blood Donation Camps.
- Technical seminar and Hand-on training.
- Student outreach programs aligning with the interests of the Nation.
- Covid Awareness programs.
- Marine Parade & National festival celebration.

## Career Guidance and Placement

A dedicated placement and training cell in the marine department with focus on developing soft skills from the 2nd year to Campus Interviews. Boot camps and training sessions will be given to students to excel in aptitude tests, coding rounds for core and noncore companies. Regular interaction with alumni and Industry professionals to help the students in placements.
