About the Conference

Development is a process which everyone in this world is talking about and also experiencing in this 20th century. It has spread across the sectors like IT, Management, Social Science or even Education. Information Technology is the major force behind such developments across various sectors. Business and IT companies need to look beyond traditional measures of performance and adapt to change in environment to achieve organizational success and sustained growth. With this context we are hosting a 2 days national conference on "Inventions in ICT & Its Impact on Management, Social Sciences and Education " to be held on 27th and 28th December 2019.

Call for Papers

This conference seeks to provide a platform to address and deliberate on various issues and concerns in the fields of Information Technology, Computer Science, Banking, Management, and Social Sciences. We invite Research Papers, Case Studies and Articles from various fields of Information Technology, Computer Science, Banking, Management, Education and Social Sciences that address the theme of the conference.
