

# SRINIVAS UNIVERSITY

## 7.1.7 Disabled-friendly, Barrier-free Environment

Photograph	Description
<p>A photograph showing a close-up of a lift's control panel. The buttons are arranged in a grid, and each button has a raised Braille character embossed on it. The panel is metallic and appears to be part of a lift shaft.</p>	<p>Braille embossing in the Lifts for the visually impaired</p>
<p>A screenshot of the Srinivas University website. The page is displayed in a dark theme. At the top, there is a navigation menu. Below that, there is a main content area with a large image of a building. At the bottom, there is a 'Quick links' section with several buttons for navigation.</p>	<p>Screen Reader Facility in the Srinivas University Website.</p>
<p>A screenshot of the Brailleblaster software interface. The window shows a text editor with Braille characters being displayed. The interface includes a menu bar at the top and a toolbar with various icons for editing and formatting.</p>	<p>Brailleblaster Software installed at the library for Divyangjan</p>
