## ABOUT CSE DEPARTMENT

The B.Tech in Computer Science & Engineering focuses on industry-linked, research-oriented learning, preparing students for both industry and academia. Department offers B.Tech (CSE) and M.Tech (CSE) programs with state-of-the-art infrastructure, high-speed networks, and active student organizations like CSI and ISTE. The curriculum covers core and elective subjects in emerging domains such as machine learning, networking, cybersecurity, and computer vision. Strong industry collaborations provide research, internships, and training opportunities. With an excellent placement track record, major recruiters include Infosys, TCS, Wipro, Cognizant, and more.

## SCOPE

Computer Science and Engineering (CSE) offers diverse career opportunities in software development, artificial intelligence, cybersecurity, and data science. It plays a crucial role in emerging fields like blockchain, IoT, cloud computing, and high-performance computing. CSE professionals are in demand across industries such as IT, finance, healthcare, and research. The field drives innovation in automation, robotics, and smart systems. With rapid technological advancements, CSE ensures long-term career growth and global job prospects. Graduates can work in roles like software engineers, data analysts, network architects, and cybersecurity experts. Research opportunities in machine learning, computer vision, and quantum computing are expanding. The field continually evolves, making it an exciting and future-proof career choice.

## B.TECH. IN CSE

**Duration:** 4 Years / 8 Semesters. **Eligibility:** Pass in 10 + 2 / 12th Standard with 45% marks (40% in case of candidate belonging to SC/ST category).

### Lateral Entry:

The candidates, who have successfully completed 3 year diploma in Engineering, are eligible to apply for lateral entry into 2nd year of B.Tech.

## SPECIAL FEATURES

### WELL-EQUIPPED LABORATORIES

## ASSOCIATION OF CSE
