Feedback:

- Oral feedback was taken on daily basis
- Written feedback was taken at the end of 4 day program

Trainer's Feedback:

The overall feedback of the Trainers of JV Global Services LLP for the 3rd & 5th Semester Engineering Students Training at Srinivas University, Mukka, was very positive. The students were interested.

Few students had good problem solving abilities. Though they need to be a bit fast in calculations, work on their basics and fundamentals, work on their problem solving skills, and needs a lot of practice in all aspects. They need to come out of their comfort zones and interact more. This will slowly build up their confidence, reducing the fear of public speaking as well.

They will do great with proper guidance and Self Motivation.

Consolidated Trainee's Feedback:

The overall feedback by the students on the training was very positive. The response from the students were excellent with regards to training delivery, relevance, usefulness, interaction and the clarity of the explanation of concepts by all the respective trainers.

All the students mentioned that they would highly recommend Training Programs by 'JV Global Services LLP' to their juniors.

However, many students also mentioned that they would like an extension of the training as it would give them more practice. They also suggested need to have extensive training on topics like 'Group Discussion, Interview Skills and Mock Interviews' which would give them confidence and be beneficial for their placement and future job prospects, and their overall development.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

WORKSHOP ON "PYTHON PROGRAMMING AND ITS APPLICATION"

Srinivas University Institute of Engineering and Technology (SUIET), Mukka Campus under Departments of Computer Science & Engineering Conducted **WORKSHOP ON "Python programming and its application"**

Dr. Gururaj H. L., resource person addressed the gathering about the importance of Augmented reality (AR) and Virtual reality (VR) in present scenarios and also stressed on the different applications which will use AR & VR. Professor Varsha Bangera expressed vote of thanks to all the dignitaries and students.

Two days' workshop has been conducted by resource persons Dr. Gururaj H. L. and Mr. Mayur. The workshop was fruitful and helped the students to get the hands-on experience of Augmented Reality and Virtual Reality and also made them get ready to the requirements of the current market of AR & VR.
