## Centre for Educational Research

---

**Mr. Nithin Gonsalves**

There are various problems related to educational process which has to be encountered first and solved for the betterment. For this purpose, a systematic collection and analysis of data required. Srinivas educational research centre tries to gain a better understanding of the educational process, generally with a view to improving its efficiency. It investigates theories and new innovative ideas for educational improvement.

Mission: The research centre conducts studies in the field of Education and publish the findings in the reputed journals. It also undertakes the minor projects and research works in the area of educational innovations. This research centres comprises research co-radiator's, Collaborators, research scholars and students connected to education field. The centre entertains the research works in the areas of Educational innovations, E-Learning, Class Dynamics, Student Appraisal System, Education Models, Higher education, promoting research in higher education.

Objectives:

- To build networks of academics and thinkers with a focus on creativity in education
- To build an evidence base for the value and impact of innovations in education field.
- To create scientific approach to knowledge generation.

### Collaborators

- Dr .P.S. Aithal
- Dr. P. M Suresh Kumar
- Prof. Krishna Prasad
- Prof. Sridhar Acharya
- Dr. Laveena D'Mello
- Prof. Shreepathy Ranga Bhatta
