Srinivas Center for Goods & Service Tax

Revathi Radhakrishnan

Mission

The Research center for Goods & Service tax came into existence on 2017 with the aim of finding various discoveries in the tax regime and promote research in the field of GST and how it is implemented and affected in different sectors. The Research center facilitates adoption of different modern and innovative research methods and tools to analyze different area in the field of GST. The center aims at highly qualified research and publication in order to find new discoveries in GST and publish the result for further references to the tax payers. The center comprises research collaborators, researchers and students connected to tax and business field. We encourage Research in the field of GST in different sectors of the economy, GST and price of goods, GST and its Regulations, Cascading of tax, Drawbacks of GST in short run, Economic acceptance of GST, GST and VAT.

Objectives

- To take on collaborative research work in the area of GST
- To encourage publication of Research paper in reputed Journals and Conference proceedings
- To conduct conferences and contribute to major and minor projects
- To provide opportunity for Scholars and students to exchange views on the published paper

Collaborators

- Dr.P.S. Aithal
- Prof. Pradeep M.D
- Ms. Madhushree L.M
- Akhilesh. Suresh. A. Kuckian
