INSTITUTE OF PHYSIOTHERAPY
City campus, Pandeshwar, MANGALORE 575001

BPT PROJECTS 2018 BATCH

Sl. No.	Name of the Student	Title	Guide Name
01	Ashwajakshi	Effect of enhanced external counter pulsation (EECP) on Heart rate variability (HRV) in Stroke Patient: A case report.	Dr. Thrishala Noronha Associate Professor
02	Avinash Kumar	Effect of enhanced external counter pulsation (EECP) on Heart rate variability (HRV) in Stroke Patient: A case report.	Dr. Thrishala Noronha Associate Professor
03	Ramya	Correlation between Cardiopulmonary fitness among full term born Adults and preterm born Adults- An Observational study	Dr. Tamilalagan Assistant Professor
04	Sunil V. Shettigar	Correlation between Cardiopulmonary fitness among full term born Adults and preterm born Adults- An Observational study	Dr. Tamilalagan Assistant Professor
05	Shreya D S	Immediate effect of Egos cue exercises on pain, body function and balance in individuals with Knee Osteo Arthritis: Single group pre-post experimental study.	Dr. Sherin Sequeira Assistant Professor
06	Swathika B R	Immediate effect of Egos cue exercises on pain, body function and balance in individuals with Knee Osteo Arthritis: Single group pre-post experimental study.	Dr. Sherin Sequeira Assistant Professor
07	Mussammil Abdulla	Combined effect of instant relaxation technique with Janda's approach in nonspecific Chronic Low Back Pain: A case study.	Dr. Harsha M. Naik Assistant Professor
08	Najil Hashal	Combined effect of instant relaxation technique with Janda's approach in nonspecific Chronic Low Back Pain: A case study.	Dr. Harsha M. Naik Assistant Professor
09	Anagha K	Impact of Post Covid 19 infection on Pulmonary function test values in collegiate students – An Observational study	Dr. M Prem Kumar Associate Professor
10	Aishwarya N M	Impact of Post Covid 19 infection on Pulmonary function test values in collegiate students – An Observational study	Dr. M Prem Kumar Associate Professor
11	Blessy Mol TT	Relationship between Wrist extension and grip strength among stroke population. A cross sectional study.	Dr. Jeyaganesh V Associate Professor
12	Amisha Borkar	Relationship between Wrist extension and grip strength among stroke population. A cross sectional study.	Dr. Jeyaganesh V Associate Professor
13	Shrajal Shetty	Flexi-bar Training for restoring the muscle strength among Postpartum Women: A pre –post design.	Dr. Aishwarya Sonwane Associate Professor
14	Sakshi Shetty	Flexi-bar Training for restoring the muscle strength among Postpartum Women: A pre –post design.	Dr. Aishwarya Sonwane Associate Professor
15	Ashifa K A	Association of forward Head posture and impact of Headache in smart phone addicted Adults – A cross sectional study.	Dr. Kamalakannan Associate Professor
16	Anjali	Association of forward Head posture and impact of	Dr. Kamalakannan

	Muraleedharan	Headache in smart phone addicted Adults – A cross sectional study.	Associate Professor
17	Brunda N M	Probing the relationship between the Kinetic balance and agility skill in recreational Football Players – A cross sectional study.	Dr. Madhuripu Associate Professor
18	Tanvi Brahmecha	Probing the relationship between the Kinetic balance and agility skill in recreational Football Players – A cross sectional study.	Dr. Madhuripu Associate Professor
19	Chacko Prity Philip	Yoga as a management strategy for primary Dysmenorrhea among Adolescents_ A Literature review	Dr. Radhika Gopal S Assistant Professor
20	Fathima Thanweena	Yoga as a management strategy for primary Dysmenorrhea among Adolescents_ A Literature review	Dr. Radhika Gopal S Assistant Professor
21	Pratheeksha	Balance in classical Dancers using dynamic leap and balance test – Cross sectional study.	Dr. Tamilalagan Assistant Professor
22	Neha P K	Balance in classical Dancers using dynamic leap and balance test – Cross sectional study.	Dr. Tamilalagan Assistant Professor
23	Gopika Nandan N R	Non Operative Rehabilitation for Patellar instability: A Literature review	Dr. Pathak Anupama Anand Assistant Professor
24	Shanti Chandu Tamatta	Effect of Theraband exercises on rounded shoulders associated with pulmonary capacity in young Adults: A pre –post intervention study.	Dr. M Anitha Assistant Professor
25	Midhun Yadubalan	Effect of Facial Manipulation and Motor control training in Chronic Ankle instability: A case study.	Dr. Pathak Anupama Anand Assistant Professor
26	Trupti Ravindra Kadam	Prevalence of Hip flexor tightness in young Adults: A cross sectional study	Dr. Riya Sony Assistant Professor
27	Stephan Varghese	Short Term effect of virtual reality training in improving Ankle dorsiflexion, balance and motor function in a child with development delay: A single case study.	Dr. Riya Sony Assistant Professor
28	Archana A. S	Short Term effect of virtual reality training in improving Ankle dorsiflexion, balance and motor function in a child with development delay: A single case study.	Dr. Riya Sony Assistant Professor
29	Aastha Tushar Salvi	The Effectiveness of Dry Needling on Jumper’s knee: A Literature Review	Dr. Aishwarya Nitin Sonwane Associate Professor
30	Fazeela S	Translation and Correlation of IPAQ scale among the Post Partum Women – A cross sectional study	Dr. Aishwarya Nitin Sonwane Assistant Professor
31	Dona N. Jeslin	Prevalence of Post Covid Fatigue and Physical Activity among Collegiate students in Mangalore – An observational study	Dr. Tamilalagan Assistant Professor
32	Adharsh K S	Prevalence of Post Covid Fatigue and Physical Activity among Collegiate students in Mangalore – An observational study	Dr. Tamilalagan Assistant Professor
33	Shince Kurian Philip	Translation and Correlation of IPAQ scale among the Post Partum Women – A cross sectional study	Dr. Aishwarya Nitin Sonwane Assistant Professor
