**Dated: 20<sup>th</sup> July, 2018**

*Dear District Collector,*

As you may be aware, UNNAT BHARAT ABHIYAAN is a flagship programme initiated by Government of India with the objective to engage reputed Higher Educational Institutions (both central and state; public and private) to understand and work in rural areas. As of now, 750 reputed institutions have been selected on a challenge mode. With the intention of enriching rural India, these selected Institutions are expected to customise the available technologies or develop new technologies as per the local needs and also to improve the implementation of existing government programmes.

The details of the selected Higher Educational Institute(s) in your district, along with the selected 5 villages and also the contact details of Project Coordinator of the said institute(s) are attached herewith.

I request you to facilitate the works of the selected Institute(s) in the identified villages, through following interventions:

1. Facilitate meeting of Project Coordinator with all concerned stakeholders like Gram Panchayats, BDOs, District Development Authority etc.
2. Your guidance to the selected Institute(s), with regard to the needs of the district/ selected villages;
3. Mobilisation of funds from district administration or other sources to the Institute, if possible, in accordance with the activities under UBA.
4. Time to Time review under your leadership.

In this regard Secretary, Higher Education has also requested for facilitation vide D.O. No 5-1/2016-UBA dated 16-4-2018.

IIT, Delhi is the National Coordinating Institute for the implementation of Unnat Bharat Abhiyan. For any clarification, your office may contact IIT Delhi ([unnatbharatabhiyaniitd@gmail.com](mailto:unnatbharatabhiyaniitd@gmail.com)) / 011-26591157/26596451 or the undersigned.

Thanking you,

Yours sincerely,

(N Saravana Kumar)

Dear Sir/Madam,

Congratulations to all the Participating Institutions (PIs) selected under Unnat Bharat Abhiyan, a flagship program of Ministry of Human Resource Development (MHRD) Government of India through a challenge mode application. The Mission of Unnat Bharat Abhiyan is to enable participating higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

As per the programme, educational institutions is primarily to develop linkage with selective rural clusters (preferably of five villages), to get involved in the planning process and to promote the requisite S&T interventions to improvise and expedite the developmental efforts in those clusters. The approach is a departure from the grant oriented method and would see the participation and commitment of faculty and students in this endeavour.

We shall be processing release of Rs. 10000/- per village under the UBA program. The funds are mainly meant for assistance for awareness, Gram Panchayat Development Plan (GPDP) study, need assessment, and contingency expenditure. There are provision of Rs 1.0 lakh for technological intervention/ solution and Rs 0.50/- lakh for customization of a technological solution under the program. Which you can avail of afterwards by submitting proposals with ratification of the Gramsabha. A two-way channel between PIs and National Coordinating Institute (NCI) as well as Subject Expert Groups (SEGs) for project proposal submission and evaluation has been developed and functional on UBA portal. You can use your login credential for uploading proposals on UBA website **'FINANCIAL AIDS'**. The login credentials are same as your registration login credentials.

You are also requested to keep IIT Delhi, the National Coordinating Institute updated about your activities so that the same can be uploaded on the website of UBA.

Regards and best wishes for your institution for contributing to India's development.

With regards

Your Sincerely,

## Message from Honourable Chancellor

*'The true awakening of the nation lies in harnessing the potentials of the youth'*

**Sri CA. A. Raghavendra Rao**

Chancellor

Srinivas University, Mangaluru,  
Karnataka, India.

It is a matter of pride and passion to associate with the flagship programme 'Unnat Bharat Abhiyan' launched by the Ministry of Human Resource Development, Government of India. It certainly brings opportunities to initiate small changes at the grass root level with dedication and selfless service. I strongly believe that Srinivas University associating in this venture as a Participating Institute (PI) will, certainly bring holistic positive change with sustainability in the rural fabric of Dakshina Kannada District. It is very noble to partner with initiatives connected to Social Service, Ecological Protection, Peace, Education, Empowerment, Spirituality, Change, Skill Development and Prosperity. I congratulate the entire team of Faculties and Students for harnessing their time and effort to contribute in the rural development initiatives of the Nation.

## Message from Pro Chancellor

'Unnat Bharat Abhiyan', a National Programme launched by the Ministry of Human Resource Development, Government of India empowering rural India is considered as the golden opportunity for the University to explore segmenting out from the normal course of dissemination of knowledge to need based interventions. The aim of this venture is involving professional knowledge institutions in the process of holistic development of the rural sector. This project provides ample opportunities for the academicians, students and research fraternity with open avenues for social engagement in the areas of social services, environmental protection, social action, legal intervention, health, hygiene, automation, cleanliness, education etc. It is noteworthy that Srinivas University has planned nearly thirty social outreach programmes for the year 2020. I wish to record my sincere appreciation to the entire team and wish them a grand success.

## EXECUTIVE SUMMARY

**Pradeep M. D.**

Coordinator

Unnat Bharat Abhiyan  
Srinivas University.

UNNAT BHARAT ABHIYAN is a flagship programme of Ministry of Human Resource Development, Government of India which is inspired to bring transforming change in the process of rural development by leveraging knowledge institutions in building architecture for an inclusive India. Srinivas University has planned to organize several 'Social Outreach Activities and Extensional Services' in five villages of Mangaluru Taluk belonging to Dakshina Kannada District of Karnataka to start with. These outreach programmes attempt to meet economic, cultural, political, social and psychological needs of the rural communities through mobilization of required resources. This programmes targets marginalized sections living in villages including women, children, adolescents, elderly, unorganized labourers, handicapped, deprived, widows, destitute etc. The University shall follow strict compliance to the action plan of the University derived for the year 2020. This project will be carried in consultation and collaboration with the District Administration and Local Self Government bodies. People's participation shall be encouraged to the maximum extent to derive best outcomes. Co-operation is also sought from government officials, political representatives, clubs, associations, non-government organizations, volunteers, local public connected to the locality.

Srinivas University by virtue of its Social Commitment initiates 'Unnat Bharat Abhiyan' launched by, the Ministry of Human Resource Development, Government of India. This Action Plan describes in nutshell about Social Outreach and Extension Services proposed to be organized in Adyar, Chelairu, Maladi, Pavor and Sasihithlu villages of Dakshina Kannada District under 'Unnat Bharat Abhiyan' of Srinivas University during January - December, 2020. I look forward for your feedback for further improvement.

## Scope of the Project

Since the inception of planning era in India, problems of balanced regional development attracted the attention of economists, politicians, social workers, journalists etc. There are inequalities in the distribution of health care facilities, educational infrastructure, employment avenues, distribution of public amenities etc between rural and urban structures. People have started to migrate from rural to urban areas in search of better prospects for their lives. There is a need to empower the rural masses with social, political, economic, cultural breakthroughs to tackle their present and future problems. Many people residing in the villages are skilled and talented but they are unidentified and prevented from exploring to the main stream. Community organization through social outreach interventions are the need of the day. The efforts should be made to identify the real problems of the people engaging in the agriculture, horticulture, animal husbandry, unorganised employments through community based surveys. The rural population deserves to be protected from the ailments of health hazards resulting in the mother and child mortality ratios. The problems of malnutrition need to be tackled effectively by educating about the government programmes on nutrition. Personal hygiene is one of the predominant factors which contributing to increase communicable diseases in the gross roots level. Effective strategies to tackle the impact of poverty through startups and home based production units should be educated among the rural population. Empowerment through micro financing and vocational skill development need to be trained to the

married women in the villages. There is a need to educate people about diseases spread through insects and mosquitoes including diarrhea, malaria, dengue, typhoid etc should be done through primary health centers, voluntary organizations, clubs etc. There is a need to educate rural population to construct toilets at each home and effective usage of it for making open defecation free villages. The rural people should be encouraged to open bank accounts so as to get the benefits of all the government subsidies directly to their bank accounts. School dropout ratio can be reduced by educating the families and counseling the children. This social outreach and extension services will cater to the needs of the rural area on the issues connected to government schemes, subsidies, scholarships, skill development initiatives, vocational training opportunities, cleanliness, personal hygiene, personality development, building self-esteem, start-ups, legal aid, surveys, research, counseling services, ban on single use plastics, water conservation, resource mobilization, micro financing, consultancies, health checkups etc. The expertise, knowledge and resources both mobilized and spent from the Srinivas University will definitely play a role in the rural transformation which contributes to the national growth.

## Conclusion

The village adoption provides an opportunity to academicians, students, policy makers and civil society, to get sensitized and understand the social problems which affect most to the disadvantage section of the society. The intervention will assist in facilitating and catalyzing the cohesive community through inspiring, igniting, motivating, education and enabling the people to utilize opportunities as it is impossible to adopt many villages among the existing six lakh villages of India. In connection to the 'Unnat Bharat Abhiyan' launched by the Ministry of Hence we need to strengthen five villages in the neighborhood to adopt and to move towards the model villages.
