

SRINIVAS UNIVERSITY

Mangalore-575001, Karnataka (India)

Srinivas Centre for E-Learning Research

Dr. P.S. Aithal

Research Coordinator

E-learning is one of the tools emerged from information technology, has been integrated in many university programs. There are several factors that need to be considered while developing or implementing university curriculums that offer e-learning based courses. This centre focus on research intended to specify e-learning critical success factors (CSFs) as perceived by university students.
